Summary

Dedicated student with experience in science research (since 2017 -member of Minor Academy of Sciences of Crimea, technical research section), interested in further learning of applied mathematics and improving programming skills.

Skills

Self-Motivated	Knowledge of programming languages: Python, C++, Java	Knowledge of relational databases, SQL	Good knowelege of Maple

Experience of work with Excel (completed term paper «Analysis of dynamics and influencing factors on the number of graduate students in Ukraine», mostly done with Excel)	Completed specialization C++ Programming for Unreal Game Development

Education

Faculty Of Computer Science And Cybernetics Taras Shevchenko National University Of Kyiv 2020 - present	Applied mathematics
Ukrainian International School 2020 - 2020	High school diploma

Additional information

2019	Winner of the Crimean championship among youths in F-3-A aircraft model
2019	Winner of the Crimean championship among youths in F-4-H copy aircraft models
2019	Winner of the international mathematical competition-game "Kangaroo" 2014, 2015, 2016, 2017, 2018, 2019
2019	Diploma 3 degree 12th Republican final scientific and practical conference of research works of the IAS "Seeker" "Scientific potential of the 21st century". Department of "Technical Sciences" basic discipline of mathematics
2018	Received a scholarship from the Council of Ministers of the Republic of Crimea in the 2017/2018 academic year for success in research work

Hobbies

- Aeromodelling
- Mountain biking
- Science fiction
